

Portfolio Requirements for Fashion Design Applicants 2022-2023 Admission

In addition to the Marist Admission application, the following portfolio is required for applicants who would like to be considered for the Fashion Design Sequence at Marist's Florence, Italy Campus and must be submitted via www.marist.slideroom.com.

To be considered for application to the **Fashion Design Program at Marist's Florence Campus** your digital portfolio submission **must** include the following:

A. INSPIRATION/MOOD

The Inspiration/Mood page should include images that have inspired you to create these designs within the portfolio.

B. ESSAY

In 200 words or less write an explanation of how the designs have been inspired by the mood page images. Also, in the essay, determine the season of the year that these designs will be worn in.

C. COLLECTION OF DRAWINGS

Choose from: Option 1 – Fashion Emphasis or Option 2 – Art Emphasis

By deriving ideas from your inspiration/mood images design mix and match separates that work and can be worn together in collection.

Please choose 1 option to submit.

OPTION 1: FASHION EMPHASIS PORTFOLIO

Draw original garment designs in color using the medium of your choice. (Tip: Scan your work and save as one multi-page pdf file)

Design collection of different but related mix and match separates distributed over **5 fashion figures**

The work should reflect a full range of your ideas, interests, experiences and abilities in fashion design.

Your collection should demonstrate your understanding of the fashion figure proportion, garment silhouette, fabric, and garment construction and styling. Fabric swatches and technical flat sketches should be included.

D. FREE ZONE

Submit two (2) non-fashion examples of your artwork that showcases your thinking and making.

This work should reflect a range of your ideas, interests, experiences and abilities in the arts. This can include work in any medium, in finished or sketch form, photographic, 3D and can be the result of an assigned project or a self-directed exploration.
